WHY BUY LOCAL?

Shop, Dine, Do Business in Greenfield

1. The money stays here.

When you purchase at locally owned businesses, more money is kept in the community because locally-owned businesses often buy local, too. This lifts all boats.

2. The community benefits.

Local business owners give to local nonprofits and support community events.

3. It builds local character.

Greenfield's uniqueness is what brought us here and what keeps us here. Buying local strengthens the businesses and institutions that create that character, drawing visitors from far and wide.

4. Small businesses create jobs.

Small local businesses are the largest employers nationally. Supporting them keeps jobs right here.

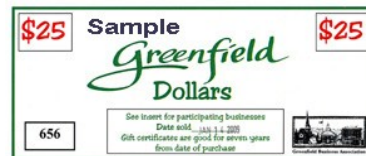

5. Local=invested.

Local business live in this community, are less likely to leave and are more invested in the community's future.

Buy and Spend Greenfield Dollars

The Greenfield Dollars program supports the local economy by keeping dollars circulating in the community. The Greenfield Business Association creates the certificates which are offered in \$10 and \$25 increments.

These certificates are purchased by the customer and given out as gifts to staff, friends, family or used by the buyer. The list of places where they can be used is extensive and growing. Come to the Franklin County Chamber of Commerce to buy some today.

Brought to you by the
